

Dear Supporter,

You are invited to help make a difference in the lives of Special Olympics Ontario athletes while also increasing your social responsibility in the community. Special Olympics is the world's largest movement dedicated to promoting respect, acceptance, inclusion, and dignity for people with intellectual disabilities through sports. With programs all across the province, over 23,000 athletes of all ages are participating in Special Olympics Ontario's programs year round.

I am reaching out because we are breaking ground for our second annual Guardians Half Marathon and 5KM run on Sunday October 14, 2018 in support of Special Olympics, and we would like to offer you the opportunity to partner with us for this amazing event. Our inaugural year in 2017 proved to be an outstanding community event, with 325 runners and raising \$25,000 for the cause! This year we are planning to double our numbers. Our partners were given social media visibility in the months leading up to the event, through Special Olympics Ontario, Torch Run Ontario and the Guardians social media platforms, had their logos showcased on the event website and at the event with special mentions.

The Guardians Half Marathon is the perfect opportunity for your organization to gather people together, team-build through participation and engage with a wide audience, while also making a tremendous difference in the community.

Please review at the various sponsorship levels we offer below, while keeping in mind that we can also customize the perfect package for your organization.

For more information about the event, questions, or to register as a runner, feel free to contact me at Kimberley.ridgers@ontario.ca.

On-line registration is also available at www.GuardiansHalfMarathon.com.

With warm regards,

Kimberley Ridgers
Provincial Co-ordinator & Race Director
Kimberley.Ridgers@ontario.ca 905-548-5013
